Q4 Action Plan: Oct 12 - Dec 31, 2026

Daily, weekly and monthly actions to reach the $500-$600 quarterly goal across vintage reselling, custom dressmaking and personal styling.

1. The Big Picture

Goal	Target	Deadline	Revenue
1. Vintage (Depop)	10 sales per month	Every month (Oct, Nov, Dec)	$200+ (about $20 average per sale)
2. Custom dressmaking	First dressmaking client secured (1 client)	Dec 1 (Tuesday)	$300+ (one custom dress)
3. Personal styling	1 paying client	Dec 31	$150+
Total			$650 if all three hit; $500-$600 goal gives a cushion

- **Assumptions I made (please correct if wrong):** the $200 is total vintage revenue (not per month); one dressmaking client is worth $300 (one custom dress) and needs to be secured, with a deposit, by Dec 1; sunglasses (launching June 2027) are parked and only appear as a teaser on Instagram.
- **Time needed:** about 60-90 minutes per day, 6 days a week, plus one 2-hour weekly block. Adjust to her schedule; the weekly tasks matter more than doing every daily task perfectly.
- **Why this works:** only one thing has to go right per goal. Vintage needs steady listings and sharing; dressmaking and styling need direct conversations with people who already know her. Most first clients come from personal outreach, not strangers on social media.
- **Fees note:** check Depop's current seller and payment-processing fees and price items so that $200 revenue leaves real profit. Also track what she paid for each item. Holiday shipping deadlines change yearly, so confirm them before December.

2. The Daily Routine (60-90 minutes)

Block	Time	What to do
A. Depop	20 min	List 1 new item OR improve 1 old listing (better photos, title, tags). Refresh/relist a stale item. Reply to every message and offer within a few hours.
B. Depop outreach	10 min	Send a bundle offer or discount (via Depop offers) to 5 people who liked an item. Like/follow 10 accounts that buy her style (vintage lovers, local shoppers).
C. Instagram post	20 min	Post 1 item that day: a Reel, carousel or Story (see content calendar). Always include a call to action (DM 'DRESS' / 'STYLE' / link in bio to Depop).
D. Engage	15 min	Comment meaningfully on 10 posts from local people, small brands, brides, event goers. Reply to every comment and DM.
E. Client outreach	15 min	Message 3 people about a service (dress, alteration, styling). Follow up with anyone who replied. Log everything in the tracker.

Block	Time	What to do
F. Close the day	5 min	Write down: listings added, sales, messages sent, leads. Pick tomorrow's item to photograph.

Daily minimums on a busy day (15 minutes)

- Reply to all messages.
- Send 3 outreach messages (1 each for dress, styling, and a Depop liker).
- Post one Story.

3. The Weekly Rhythm

Day	Focus	Key tasks
Monday	Plan + sourcing	Review last week's numbers. Plan 5 posts. Sourcing trip (thrift, estate sales, Goodwill bins, Facebook Marketplace) - buy 5-10 pieces she'd wear herself.
Tuesday	Photo + list day	Wash/steam/measure items. Shoot all photos in natural light. List 5-7 items (do this block once a week to save time).
Wednesday	Dressmaking day	Post sketches, fabric, process. Message 5 warm leads about custom dress (friends, family, coworkers, past buyers).
Thursday	Styling day	Post a styling tip (Reel). DM 5 people about the styling session. Offer a free 10-minute mini consult to start conversations.
Friday	Vintage push	Feature 3 best items on Stories. Bundle deal ('buy 2 save 15%'). Re-share to Instagram.
Saturday	Content batch	2 hours: film next week's Reels and write captions. Local markets/pop-up if available.
Sunday	Review (20 min)	Fill out scorecard (section 8). Husband helps: photos, packing, outreach lists.

4. Monthly Milestones

Phase 1: Oct 12 - Oct 31 (Launch + first sales)

- [ ] Depop: 25+ active listings by Oct 31; 6+ sales (stretch: 10).
- [ ] Rewrite all Depop and Instagram bios: 'Vintage finds + custom dresses + personal styling.'
- [ ] Create a simple price menu: dress commissions, alterations, 1 styling package.
- [ ] Photograph 3-5 pieces she's already made (or make one quick sample dress) for a portfolio highlight on Instagram.
- [ ] Message 30 personal contacts about the dress offer and styling session (a text, not a mass post).
- [ ] Offer a launch special: the first dress client gets a small perk (free fabric consult or a free hem on another garment). First styling client gets a bonus.

Phase 2: November (Momentum + deadlines)

- [ ] Depop: 10 sales. Add holiday-ready items (coats, knits, party dresses, gift-sized accessories) and post a 'Holiday gift' Story series.
- [ ] Dressmaking: post 'Order by Nov 20 for holiday/NYE delivery' - real deadline creates urgency. Book 3-5 consults (roughly 1 in 3 converts at this price).

[ ] Secure the $300 dress client by Dec 1 (stretch goal: Nov 15). Small alterations are optional lead-ins and a way to meet buyers, but they don't replace the $300 dress.
[ ] Styling: run 1 free mini consult or Instagram 'style a look' giveaway to generate 3-5 qualified leads.
[ ] Collect testimonials / photos from every buyer and client.

Phase 3: December (Close it out)

[ ] Dec 1: dress client locked in with a 50% deposit ($150).
[ ] Depop: 10 sales. Run a 'last shipping day' push (check Depop/USPS holiday cutoffs) and a Dec 26-31 sale.
[ ] Styling: close 1 client by Dec 31. Pitch: 'New year, new closet' - perfect timing for resolutions.
[ ] Deliver dresses early and request reviews and Instagram tags.
[ ] Dec 28-31: final scorecard + plan for Q1 (including sunglasses teaser).

Revenue pacing (if all goes to plan)

Date	Vintage	Dress	Styling	Running total
Oct 31	$120	$0 (consults + quote sent)	$0	$120
Nov 30	$200 cumulative	$150 (deposit)	$0 (booked)	$350-$400
Dec 31	$300 (all Q4)	$300	$150	$650+

5. Goal-by-Goal Playbooks

Goal 1: Vintage - 10 sales a month on Depop

- **Photos:** natural light, plain background, 5+ photos per item (front, back, tag, detail, flaw if any, and worn/on a mannequin). Worn photos sell best on Depop.
- **Titles:** include era, brand, item and size: 'Vintage 90s black wool blazer, women's M'. Use all 5 hashtags/keywords that people really search (e.g. #vintage #90s #y2k #coquette #cottagecore #thrifted).
- **Description:** measurements (pit to pit, length, waist), fabric, condition, shipping time.
- **Pricing:** aim for $20-$30 average with a little room for offers. Make sure each item cost less than a third of its price.
- **Sell to likers:** use Depop's offer feature to give likers a small discount. Bundle: 'buy 2, save 15%' raises order size.
- **Cross-promote:** share new listings on Instagram Stories with a link sticker to the listing.
- **Do the math:** 10 sales/month = about 2-3 sales per week = list 5-7 items/week.

Goal 2: Custom dressmaking - first clients by Dec 1

- **Make it easy to say yes:** a menu with 3 options - (1) alterations/hemming from $15-$30 (a low-risk way to meet new customers), (2) custom dress from $300 (the goal offer), (3) premium special occasion or bridal-party pieces (quoted). Always take a 50% deposit. At $300 she needs about 5-10 real conversations to land one client, so keep the consult pipeline full.
- **Warm audience first:** friends, family, coworkers, school/church/mom groups, neighbors, wedding and event guests. Text them personally: 'I'm taking 3 custom dress orders for the holidays - want to see my sketches?'
- **Hook:** holiday parties, NYE, engagement photos, bridesmaids, graduation, birthdays, vacation.

- **Local channels:** Facebook community groups, Nextdoor, local mom groups, Instagram local hashtags (#[yourcity]weddings), Etsy-style listing with custom order template.
- **Proof:** before/after photos, process Reels, fabric swatch carousels, a 'dress of the week' sketch.
- **Process:** consult (15 min), measurements, 50% deposit, fitting, final payment. Put timelines in writing.

Goal 3: Personal styling - 1 client by Dec 31 ($150)

- **Package idea:** '90-minute Closet Edit + 10-look Lookbook' (virtual or in person) for $150. Optional add-on: shopping list or thrift trip.
- **Warm-start:** offer a free 10-minute 'style mini-consult' to 5 friends/week. 1-in-5 will usually convert.
- **Best audiences:** new moms, career changers, people with a big event, people moving, newly engaged, anyone with a messy closet.
- **Pitch lines:** 'New year, new closet', 'Holiday outfits planned for you', 'Never stare at your closet again'.
- **Proof:** style your husband, a friend or yourself in 3 different looks; post a Before/After; ask for 1 free test-client in exchange for a testimonial (then charge from the next client).

Caption formula & hashtags

- **Hook** (first line grabs attention) + **value/story** + **call to action** ('DM DRESS for custom orders', 'Link in bio to shop').
- Use 5-10 targeted hashtags: a mix of niche (#vintagedresses #customdress #closetedit), local (#[city]style) and broad (#thrifted #sustainablefashion).
- Pin 3 posts: Best vintage, dressmaking work, styling pitch. Update the bio and add highlights: Shop, Custom, Styling, Reviews.
- Sunglasses teaser (1 post/month): 'Something new coming June 2027'. Build an email/DM list ahead of time.

DM / text templates

- **Dress:** 'Hi [name]! I'm taking 1-2 custom dress orders before the holidays, designed around you and your measurements. Want me to send ideas/pricing?'
- **Styling:** 'I'm opening a few spots for a closet edit + outfit lookbook this month. Want a free 10-minute mini consult to see if it's a fit?'
- **Depop liker:** 'Hi! I noticed you liked [item]. I can do [X%] off if you grab it today - and bundle with anything else for 15% off.'
- **Follow-up (3 days later):** 'Just checking in - no pressure! I have 1 spot left for December if you're interested.'

7. Where the Husband Can Help

- Photograph and film items on weekends (second pair of hands for worn-photos and Reels).
- Be the 'model' for styling content and mannequin shots.
- Help build her contact list: friends, family, coworkers who might want a dress or styling session.
- Pack and ship orders, run post office trips, keep receipts for expenses.
- Weekly 20-minute Sunday check-in: review the scorecard together and set next week's targets.
- Make personal introductions: 'My wife makes custom dresses - want me to connect you?'

8. Weekly Scorecard

Fill in every Sunday. If a number is behind two weeks in a row, change the tactic (price, photos, offer, audience) rather than just working harder.

Depop sales	2-3				
Instagram posts	5

If she falls behind

- Short on vintage sales: lower prices 10%, bundle, add worn photos, post on Instagram Stories daily.
- Short on dress clients by mid-Nov: offer a simpler design or a payment plan to hold the $300 price, add a 'bring a friend' referral perk, and ask every contact for one introduction.
- Short on styling: offer a lower-priced 'mini' ($75) session and an upgrade; ask a friend to be the case study.
- Remember: even getting 2 of 3 goals is a strong first quarter. Keep notes on what worked.
